Commissioner of Patents and Trademarks
Washington, D.C. 20231

Dear Ladies and Gentlemen:

Please change the mailing address to **3475 Edison Way, Suite M, Menlo Park, CA 94025** for the patent applications and provisional patent applications listed below:

09/810,527	Cephalotaxine Alkaloid compositions and uses thereof
09/834,180	Methylnogarol compositions and uses thereof
09/834,177	Naphthalimide compositions and uses thereof
09/872,769	Hexitol compositions and uses thereof
09/872,760	Naphthoquinone compositions and uses thereof
09/996,354	Antiproliferative colchicine compositions and uses thereof
60/189,699	Chemopotential by cephalotaxines alkaloids, derivatives
60/197,106	Chemopotential by methylnogarols derivatives, compositions and uses thereof
60/197,103	Chemopotential by naphthalimides derivatives, compositions and uses thereof
60/208,644	Chemopotential by hexitols derivatives, compositions and uses thereof
60/208,645	Chemopotential by naphthoquinones derivatives, compositions and uses thereof
60/244,765	Chemopotential by colchicine derivatives, compositions and uses thereof
60/244,913	Chemopotential by colchicine derivatives, compositions and uses thereof
60/244,912	Chemopotential by colchicine derivatives, compositions and uses thereof
60/244,911	Enhancement of the therapeutic antitumor effects by agents binding to the colchicine binding site of beta-tubulin
60/244,910	Enhancement of the therapeutic antitumor effects by agents binding to the colchicine binding site of beta-tubulin
60/339,502	Regulation of histone gene family members in response to treatment by cephalotaxines alkaloids, derivatives

Sincerely,

Shawnya Michaels
